Identification of Copyrighted Work

The copyrighted work at issue is the text that appears on **www.wrongplanet.net** and its related pages. The pages in question contain a clear copyright notification and are the intellectual property of the complainant.

Identification of Infringed Material

The following copyrighted paragraphs have been allegedly copied from the copyrighted work. We have retained but not submitted printed examples of these and other alleged infringements.

Be aware that these are blatant and obvious examples and are not necessarily a complete list of all alleged violations. We require that all alleged copyright violations be removed from the website in question and the onus is on the infringer to locate and remove all alleged copyright violations of the complainant's intellectual property.

Be further aware that simply making a few changes (such as changing a name or rewording or reformatting some text) is not sufficient to remove the rights of the complainant. The alleged offending materials (or website) must be wholly removed.
